Terms and Conditions - Outdoor Battery-Operated Equipment Incentives

Program Offer: The Program covers products purchased and/or services rendered on or after January 1, 2026.

Outdoor Battery-Operated Equipment Requirements

1. Maximum yearly outdoor battery-operated equipment rebate of \$300.00 per member account
2. Rebate does not apply to equipment combo packs. Equipment purchased must be new and have a minimum one-year warranty. Reconditioned or refurbished equipment is not eligible.
3. Completed rebate application and documentation must be received within 180 days of equipment purchase. Rebates for qualifying purchases are 25% of cost up to \$150.00 for electric mowers (walk-behind and riding), snow blowers, or electric bicycles. 25% of cost up to \$50.00 for electric blowers, chainsaws, power-washers, pruners, and trimmers. Minimum purchase price is \$50.00.
4. The cooperative has the right to deny rebate if the terms and conditions are not met.

General Terms and Conditions

Rebates shall be pro-rated based on the percent of power supplied by the utility if the customer has distributed generation.

Application Information: Missing or incorrect information on the application may delay processing and delivery of the rebate. An invoice is required and should include specific product information, including the brand, model, serial number and date of purchase of the energy efficient measures. Other information including manufacturer's equipment performance sheets may be required upon request.

The Utility reserves the right to verify sales transactions and to have reasonable access to the Customer's facility to inspect preexisting equipment (if applicable) and energy efficient measures installed under this program.

Warranty Information: The Utility makes no warranties, expressed or implied, with respect to equipment operation, material, workmanship or manufacturing. The Utility does not guarantee that a certain level of energy or cost savings will result from the use of products covered by this program.

Limitation of Liability: The Utility's liability in connection with this program is limited to paying the rebate specified when all terms and conditions have been satisfied. Under no circumstances shall the Utility be liable for any consequential or incidental damages or tax liability resulting from participation in this program.

Participant Certification: Participating Customer certifies that he/she purchased and installed the equipment listed on their application at the defined location served by the Utility. The Customer agrees that all information provided is true and that he/she has conformed to all program requirements. If the equipment and application does not comply with the Utility's rules and qualifications, the rebate amount may be denied or adjusted.

Program Changes/Termination: The Utility reserves the right to extend, modify (including incentive levels) or terminate this Program at any time without prior or further notice. The Customer is responsible for checking with the Utility to determine whether the program has been changed or is still in effect.

Customers must apply for rebates within six (6) months of the purchase date (as shown on the Customer's invoice) and are subject to the current year program offer if received after January 31st. Past eligibility, however, does not guarantee that equipment will meet criteria for current programs in effect.
